

DTL 18C

Throwers that adapt to your expectations.

The stars of the KRIEGHOFF Grand Prix at Midwales, our DTL throwers benefit from Laporte's proven technology in both sporting and Olympic disciplines.

The movements are smooth and perfectly controlled. The electronic timer also allows trajectory management in accordance with the need for hazards.

Our large capacity models guarantee an optimised use of your throwers.

It is also the ideal machine for the TRAP ONE discipline of the FITASC
