

TEAL LOOPER 8C

The Teal, the duck's bet

The particularity of the Teal duck consists in taking off almost vertically in a very fast way. Of course, the upward projection of clays on the edge offers an opportunity to hit it when it is at its peak and its speed is almost zero. Our launcher control this process perfectly.

	450 Standard
Capacity (Clays)	up to 450
Targets (Diam)	110mm/108mm US
Tilting (R/L)	n/a
Angle backward	45° up to 90°
Recocking time	2.2sec
Voltage (V)	12V
Weight (Kg)	75Kg
Ref	1000727 / 1000727US
